The Galley Workstation

Prepare – Cook – Serve – Entertain – Clean

Architectural Elegance, Incorporated is proud to be the Authorized Dealer for a new, revolutionary product: The Galley Ideal Workstation™ for the **Orlando** area.

The award-winning, innovative Galley Workstation is much more than a sink, it is a super-functional, smart and stylish workstation where **prepping, serving, entertaining, and clean-up can all happen in one simple, convenient place**. It is ideal for any indoor or outdoor kitchen and works perfectly in both large and small kitchens. The Workstation is available in six standard sizes, both single and double-bowl, and in custom sizes by special order. All standard sized workstations are kept in stock at the factory so you won't be waiting months. You could potential be using your Galley workstation within weeks!

If you have ever watched a "Home Renovation or Home Hunting" show on television, one of the first complaints is that the

kitchen is not functional or large enough for everyone to cook or work in. This is where The Galley comes into the picture. View first hand in this video how functional it will make your kitchen, no matter what size it is!

In addition to the workstation, The Galley has introduced The Galley Dresser for your kitchen. This is unlike any other fixture in your kitchen as The Dresser is a piece of art that is designed as a one-of-a-kind to give you everything at your fingertips that you need to work. The craftsmanship of The Dresser is top-notch and is well represented in this video. We invite you to experience The Dresser from The Galley!
